

The feet go where the eyes have already been.

atelier **damböck**

## Munich's atelier damböck studio

stands for 30 years of

- ▶ tailor-made concepts and realisation of trade fair exhibits,
- ▶ creative trade fair design and
- ▶ innovative communications and trade fair construction.

Make use of our experience from more than 3,000 trade fair and event exhibits in 15 national, and more than 30 European, American and Asian event locations. We will support you in a skilled and professional manner - before, during and after the fair.

## Our services - individually tailored for your needs

### Trade Fairs and Exhibitions

Carefully worked-out design, an eye for detail and the use of high-quality materials show your products or your company to their best advantage. Whether fresh and full of contrast, or simple and elegant, we will design a unique trade fair stand or exhibition area for you.

### Events & Happenings

Product presentations and company events are among the highlights of the company's business year. Annual general meetings are just as much a part of our repertoire as trade fair-related events or customer events that support your fair presence and your trade fair motto.

### Equipment Rentals

Cost-effective solutions, which are provided quickly, but are individually tailored for you. That sounds impossible - but it is not. With our comprehensive selection of equipment, we can offer you the service of supplementing or extending your stand. Even in your corporate design.
